
Cancer details

You or members of your cancer care team **can record below the details of your cancer type.**

This information will help you and your family/friends to recall these details, especially as they are not always commonly used words.

If there is a genetic link to your cancer (i.e. may be inherited), this information may also be useful for family members now and in future.

Cancer type (Eg. lung, breast, bowel)

Sub type (Eg. non small cell, adenocarcinoma)

Location

Stage

Grade

Tumour size

Date/place of diagnosis
