

# GICS SERVICE IMPROVEMENT GRANTS PROGRAM 2025 - 26

## GRANT APPLICATIONS NOW OPEN

### Do you have an idea that:

- ✓ Targets the action areas of the Victorian Cancer Plan 2024 - 2028 and the Optimal Care Pathways,
- ✓ Has capacity to lead to measurable and sustained improvement in experiences & outcomes for patients diagnosed with cancer living in the Grampians region,
- ✓ Seeks to better understand or provide a solution to a known, long standing and significant issue, and
- ✓ Considers and includes the patient's voice

### Then we would like to hear from you!

Grants of up to \$50,000 will be available  
Applications close 18 November 2025

#### Register your interest

To express your interest and discuss your project idea, please contact Vicki Hillis to arrange a meeting time on [GICS@gh.org.au](mailto:GICS@gh.org.au)

**Please note:** This meeting is a mandatory element of the selection process.

#### Preparing for your meeting:

Consider your responses to the following:

- What is the problem or issue that needs to be addressed?
- What is its magnitude & / or impact?
- Define what success will look like for the project
- What and who would be involved in the project?
- Outline project activities & realistic timeframes

#### Need more information?

Please read the Service Improvement Grants 2025-26 Guideline, including project components NOT eligible for GICS funding.
